Sep 23, 2020	60.47	477.7	399.67
Sep 24, 2020	327.78	373.85	351.54
Sep 25, 2020	325	330	327.08
Sep 26, 2020	317.89	325	320.91
Sep 27, 2020	315.26	318.95	316.75
Sep 28, 2020	298.97	316.32	309.45
In total:	60.47	477.7	281.01

Note: travelled distance calculation is based on the internal GPS mileage counter readings for a specified period of time. Most GPS tracking devices are equipped with such internal mileage counters and calculate travelled distance on its own. Thus, travelled distance includes both trips length and all slight movements in the parking state as well.
